

## CERAMICA INNOVA II Technology– Business Brokerage Event

9 – 12 February 2010  
Valencia - SPAIN

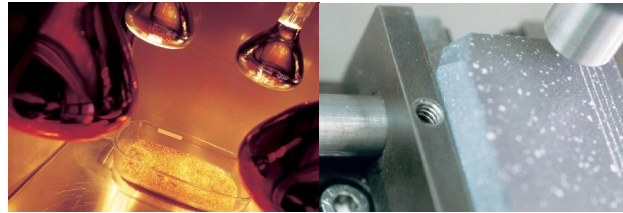

### Organizers:

### Partners:

The second edition of **CERAMICA INNOVA** is held in Valencia (Spain) during the 28<sup>th</sup> International trade show for ceramic tiles, surface coverings, bathroom and kitchen equipment, raw materials, glazes, frits and machinery CEVISAMA (9<sup>th</sup> to 12<sup>th</sup> February 2010).

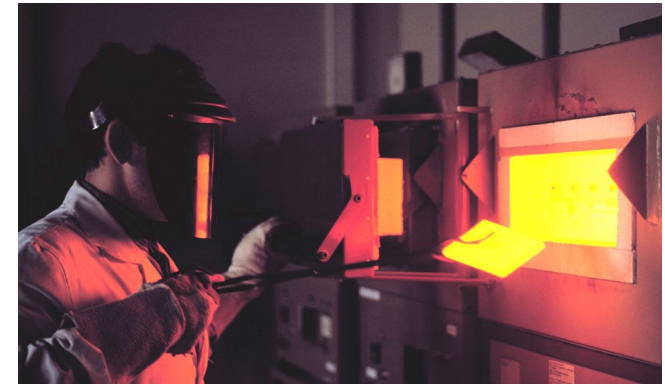

**CERAMICA INNOVA** is an international platform to allow companies and other organisations from the ceramic sector to meet each other in order to share innovative technology proposals and/or seek solutions for technological challenges.

Two complementary activities are organised for this purpose:

- **Technology Showcase:**  
Conferences held by Spanish and European companies about their most innovative technologies.
- **Technology–Industrial Meetings:**  
Bilateral meetings between entities with common interests detected from their technological profiles, organised with the purpose of establishing a first contact for future collaborations.

February 2010			
	Wednesday 10th	Thursday 11th	Friday 12th
10 – 14 h		Technology-Industrial Meetings	Technology-Industrial Meetings
15 – 17.30 h	Technology Showcase	Meetings + Showcase	

### Areas of Interest

The event focuses on innovations in process technology and machinery, as well as in product innovations, in addition to other key fields such as environment and energy.

- **Process Innovations:** Ceramic machinery and equipment, Production process management, Innovative systems and components for facilities and processes.
- **Product Innovations:** Ceramic tiles, Raw materials, Construction materials, Advanced ceramics, etc.
- **Other related fields:** Energy, Environment, Recycling, Noise, and Pollution.

### Participants

The event is addressed to all European companies, universities, technology centres, research institutes or any entity offering innovations in the ceramics field (materials, machinery, process) seeking partners to solve technology problems or to start a research project.

### Registration

To participate in the Technology-Industrial Meetings please register at:

### Deadlines

22nd January 2010: Registration and submission of profiles

29th January 2010: Request for bilateral meetings

### Venue

CEVISAMA, Pavilion of Machinery and Capital Goods – Feria Valencia - Valencia (Spain)

### Results of Cerámica Innova I

50 Companies from all around Europe participated in the former edition of Cerámica Innova held in February 2008.

Businessmen and researchers published their technological requests and interests and after selecting among all them, 54 bilateral meetings were organized.

These initiatives allowed the companies having first-hand information about the way of working in other countries and share their technological needs and possible alternatives.

In the conferences, outstanding companies of the sector present internationally and prestigious organizations presented their experiences.

With the support of Enterprise Europe Network
